

Dear Teachers and Non-teaching Staff of Moriah Schoolhouse,

We are grateful and appreciative for the dedication, patience, care and guidance that the team of staff had shown towards Jeffers and students over the past 5 years until he graduated from K2.

Over the 5 years, Jeffers has nurtured into a confident, expressive, sociable and knowledgeable boy. With the soft skills he picked up, he is able to blend easily into primary school and makes new friends without issues. The teaching curriculum has enabled him to gain knowledge at a reasonable and steady pace and more importantly, prepare him for Primary 1.

We look forward to enrol his sister on her education journey with Moriah Schoolhouse later this year. We are confident of the dedication, passion and guidance of the staff from Moriah Schoolhouse which will create a conducive 1st years and happy memories for the kid.

From the grateful parents,

Joanne and Shi Ming

Parents of Jeffers Foo Kai Wen (Primary One)
