

“Have sent my child to Moriah infant care since she was 4 months old, and from experience we can see that the teachers are very professional yet warm and passionate about caring for the children. Appreciate that they constantly keep parents updated on the wellbeing of their child. As a working parent this gives me a peace of mind knowing that my child is in safe and good hands during the day. My child has also benefit greatly in her development skills and is progressing well in her milestones. We are very satisfied with the service and will continue with Moriah through the years.”

Best regards,

Dawn Ho

(Mummy of Thea Ho)
